## Pay & Shift Info

Training begins at \$25/hr for your first 10 shifts. Reps who maintain a 95% chat resolution score move up to \$30–\$35/hr. All shifts are 4–6 hours, self-scheduled weekly. You're not required to work nights, but high performers often request late shifts for reduced competition. Training is done over 2 days via recorded modules and a live practice room with mentors. No quotas, no sales targets, and no scripts to memorize—just helpful support conversations.

## Sample Shift Flow

You sign into your dashboard at 4:00 PM and start reviewing the live chat queue. The first user is confused about how to reset their password. You send them the auto-recovery link and walk them through it step-by-step. Next, someone's trying to redeem a 30% discount that's showing as expired—you check the promotion schedule, verify eligibility, and issue a one-time courtesy credit. A third user reports an issue with downloading their progress certificate. You log a bug report and escalate it. After 90 minutes, you take a 15-minute stretch break. By 8:00 PM, you've completed 26 chats and maintained a response time of under 30 seconds.

## What Current Agents Say

"I used to work the front desk at a fitness club, and it drained me. This is 100% remote, no awkward calls, and I can work around my son's nap schedule. It's real, consistent work—and the pay is better than I expected." – *Clarisse N., Minneapolis, MN*

"I live in the Philippines and needed a legit online job. This one's no joke. I do evening shifts, handle messages, and make about \$200 a day just typing from my laptop. Best decision I've made this year." – *Arjun P., Cebu City*
