Description

Looking for a Local Work-From-Home Job That Doesn't Require a Degree? This Is It.

Whether you're in a small town, big city, or somewhere in between, chances are you've typed "work from home jobs near me no degree" into Google more than once. This listing is your answer. We're hiring **Remote Support Agents** who can work entirely from home, earn \$25-\$35 an hour, and never be asked for a diploma or prior experience. This is a real job—with a real company—offering real income and flexibility to people who are ready to show up and get the work done, no matter where they live.

What the Job Is

This isn't freelance. It isn't gig work. And it definitely isn't one of those fake "work from home" programs that ask you to buy a starter kit. You'll be part of a team helping customers through a **text-based live chat system**—resolving common issues, answering questions, and ensuring customers have a smooth experience with the company you're representing. You work from your own space, on your own schedule, and on your own terms—but never alone.

What You'll Be Responsible For

Live Chat Support

Engage customers through live chat to help them with order tracking, account access, refunds, or tech issues. Keep interactions polite, helpful, and efficient.

Customer Problem-Solving

Use our provided guides and resources to solve customer problems in real time. You'll follow clear workflows designed for every type of question.

Multiple Conversations

Manage 2-3 chats at once during high-volume periods, maintaining composure and delivering accurate information without delay.
